42147	Quick-Switch® Tool Transfer Station*, (2) Quick-Switch® Transfer Keys on Retractable Tethers, and (5) Quick-Switch® Links	1/pkg	6 lb
* Tools not included			Meets ANSI/ISEA 121-2018

Quick-Switch® | Core Products

The patented Quick-Switch® is a revolutionary, hands-free tool tether system that streamlines the secure transfer of tools when working at heights, without the need to disconnect the tool from an anchor. Remain in full control of the tool with 100% tie-off, the mechanical lock fitting multiple tools so you can switch each tool's connection from belts to wrists and between hands.
